CAPABILITY LIST – SECTION III; Page 7

AEROTECH OF LOUISVILLE, INC – CAPABILITY LIST

SELF EVALUATION CHECKLIST

Original 10/26/2003

PROCEDURES FOR SELF-EVALUATION TO AMMEND THE CAPABILITY LIST

- 1) Is the repair station properly rated to perform maintenance on the article?
- 2) Does the repair station have adequate housing to perform maintenance on the article?
- 3) Does the repair station have adequate facilities to perform maintenance on the article
- 4) Does the repair station have the special tools and test equipment recommended by the manufacturer or equivalent tools acceptable to the FAA?
- 5) Does the repair station have the equipment necessary to perform maintenance on the article?
- 6) Does the repair station have the materials necessary to perform maintenance on the article?
- 7) Does the repair station have current technical data applicable to the maintenance to be performed on the article?
- 8) Does the repair station have sufficient qualified personnel to perform maintenance on the article and approve it for return to service?
- 9) The General Manager, when making changes to the Capability List, will high-light those pages incorporating changes on the list of effective pages. The list will then be provided to the Aerotech FAA PMI for approval.
